Hussain Reddi, President, Panchayat Board, Masapeta, Nandikotkur taluk, Kurnool district, has wilfully omitted to carry out the provisions of the Madras Local Boards Act and abused the powers vested in him by evading to lodge the panchayat funds in the savings bank, and remit amounts received promptly as and when they were received.

(2) He failed to obtain the sanction of the Deputy Inspector, Northern Range, for the expenditure of Rs. 10 incurred towards the purchase of books on veterinary science.

(3) The office of the Vice-President fell vacant on 29th May 1940. The President conducted the election of the Vice-President only on 20th April 1941.

(4) The President invested the panchayat funds in the Ramachandrapuram Central Co-operative Bank without obtaining the previous sanction of the Inspector, in spite of the instructions issued by the Assistant Panchayat Officer, Ramachandrapuram, in his R.C. No. 136/40, dated 15th May 1940.

(1) During the periods from 1st April 1937 to 27th August 1938 and from 18th December 1939 to 8th June 1940 he was retaining in his custody large amounts of money belonging to the panchayat board without crediting them to the postal savings bank as and when they were received.

Now, therefore, in exercise of the powers delegated to him by Government under section 233 of the Madras Local Boards Act, the Inspector hereby directs that under section 43 (1) of the Madras Local Boards Act, Sri Muttayya Chetti be removed from the office of the President of the said Oravandavady Panchayat Board.

CHITTAMUR PANCHAYAT BOARD.

Whereas in the opinion of the Inspector of Municipal Councils and Local Boards, Sri Ganapathi Setti Nayudu, President, Panchayat Board, Chittamur, Gudur taluk, Nellore district, has wilfully omitted to carry out the provisions of the Madras Local Boards Act and abused the powers vested in him by his following omissions and irregularities:—

Madras Commerce Report for the month of October 1941.

In the Madras commodity markets, there was a slight decline in the general level of prices during October, the index number of prices for the Madras Province declining by one point to 123, the index for the food grains group remaining unchanged at 140, and the index for the commercial products group declining by two points to 111. Transactions in the cotton market were limited and prices weakened. The groundnut market was moderately active. The tanned hides market was active with increased demand and prices improved. With good demand from New York, prices advanced sharply in the tanned goat skins market. Prices of tanned sheep skins also improved and the market closed firm. Steady conditions prevailed in the paddy and rice market. The Calicut market for soaked coir yarns firmed up. The pepper market declined further and closed weak owing to lack of demand. The Calicut ginger market dropped and closed weak. The copra and coconut oil markets were well stocked and prices tended to decline. The Madras sugar market opened dull, but as the month advanced sentiment brightened and the market closed firm. The demand for locally manufactured acids and chemicals was normal.

GROUNDNUT.

Prices of groundnut were fairly steady with internal demand on a moderate scale and exporting firms purchasing limited quantities. The average wholesale prices per candy of 531 lb. of standard varieties at the main producing centres were as follows:—

26th September 1941—Rs. 24-8-0 to Rs. 30.
31st October 1941—Rs. 25 to Rs. 27-12-0.

PADDY AND RICE.

Demand for paddy and rice was fair and prices remained steady. The average wholesale prices of standard varieties at the same producing centres were as follows:—

Indian paddy, per bag of 170 lb.

26th September 1941—Rs. 6-15-0 to Rs. 7-7-0.
31st October 1941—Rs. 6-13-0 to Rs. 7-4-0.

Indian rice, per bag of 170 lb.

26th September 1941—Rs. 10 to Rs. 11.
31st October 1941—Rs. 10 to Rs. 11-0-0.

Rangoon rice, raw, broken, A 2, per bag of 220 lb.

30th September 1941—Rs. 15-8-0, Madras.
31st October 1941—Rs. 15-8-0, Madras.

Calcutta rice (Nagara), boiled, per bag of 164 lb.

30th September 1941—Rs. 11-8-0, Madras.
31st October 1941—Rs. 11-8-0, Madras.

COCONUT PRODUCTS.

Owing to fair Indian and a small European demand, the market for Quilandy and Beypore soaked coir yarns firmed up and closed steady. Owing to a small European demand, the market for Calicut fine unsoaked yarn was steady throughout. The market for other Calicut unmarked yarns was also steady with little business passing in Perpengadi. The market for copra and coconut oil was well stocked and with a fall in upcountry demand towards the end of the month, quotations declined.

COTTON.

Tinnevellies.—The season is over and there was very little unsold left. Ryots were busy with their fields, sowings having commenced and there were consequently hardly any arrivals. Business was extremely small with some of the South Indian mills as the only buyers. Tinnevellies changed hands at around Rs. 233 and Karunganni at Rs. 200 per candy of 500 lb.

Cocanadas.—Arrivals were trifling only most of the crop having been disposed of. There was practically no business during the month. Fair average quality was quoted at Rs. 230 per candy.

SUGAR.

The Madras sugar market opened dull as second-hand dealers continued to quote below the Syndicate selling prices. The Indian Sugar Syndicate, Limited, met at Nainital on the 5th to discuss the question of fixing prices for sugarcane and sugar and allotting production quotas of sugar in the United Provinces and Bihar. At that time rumours were current that cane prices would be increased and speculators were active buyers. Although this changed the sentiment of the market, prices did not increase as sellers continued to quote the same rates. On the 8th October, the Indian Sugar Syndicate, Limited released a 5 per cent quota. Demand was better on account of Deepavali, and most of this quota was purchased by big dealers. About the 11th October, the Governments of the United Provinces and Bihar issued a joint communique fixing cane price at As. 5 per maund i.e., six pies per maund higher than last year production quota at 675,000 tons, i.e., 80 days working and sugar price at Rs. 9-10-0 per maund, i.e., six annas per maund higher than last season. Immediately this was published the market became firm and dealers bought heavily. On the 23rd October another 5 per cent quota was released and this was sold immediately. The market closed firm with dealers optimistic of the future. The price of Nellikuppam sugar at the Madras market was Rs. 29 per bag of two cwt. in October as compared with Rs. 24-12-0 in September. The West Coast markets were dull and lifeless during the first fortnight of the month, but demand improved later and the markets closed active in sympathy with Cawnpore. Other markets remained steady with good demand at the close.

TANNED HIDES.

There was a good demand throughout October and prices remained firm at the equivalent of ½d. to ¾d. above the schedule. Supplies were rather below normal and were readily cleared. As a result there was no unsold stock in the market worth speaking of at the end of the month. Shipping facilities on the whole were satisfactory. Other lines, buffs cow and buff calf, which are now controlled, were also in good demand.

A RISE OF THREE POINTS.

The cost of living index number for the working classes in Madras City for November 1941 works out to 113 which is higher by three points than the index for the previous month.

As compared with the previous month, the index for the food group rose by two points to 118 owing to an increase in the prices of rice, dhall, vegetables, garlic, sugar and tea.

A rise in the price of firewood raised the index for the fuel and lighting group by eleven points to 166.

The index number for the clothing group increased by three points to 131 on account of a rise in the prices of dhoties, shirting and upper cloth.

The group indices in respect of housing and miscellaneous continued steady at 100 and 103 respectively.

Report of the Select Committee on the Indian Limitation (Amendment) (Council of State Bill No. 2 of 1940) 261

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill to amend the Indian Limitation Act, 1908, was presented to the Council of State on the 17th November 1941 :—

Papers Nos. I to IV.

We, the undersigned members of the Select Committee to which the Bill to amend the Indian Limitation Act, 1908, was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

We have found it necessary to redraft the Bill.

The mere omission of the words "as such" from section 20 of the Indian Limitation Act, 1908, would not abolish the distinction between payment of interest and part payment of principal. So long as that distinction remained it would be necessary for the creditor to appropriate an open payment either to interest or principal, if he wished to save limitation. It is also necessary to distinguish part payments of legacies from part payments of other debts, and to secure that it is only a payment of interest on a legacy that starts a fresh period of limitation.

We have decided against giving to this alteration of the law any retrospective effect such as was intended to be given by clause 3 of the Bill as introduced. Before the Privy Council case which has occasioned the present Bill the current of decisions on the interpretation of section 20 of the Indian Limitation Act was not uniform. The Bombay and Allahabad High Courts took one view, now established by the Privy Council ruling; the Patna High Court took another. A creditor who took the risk of ignoring the indications given by the decision of the Allahabad High Court and later of the Bombay High Court cannot now complain if he finds to his cost that he was ill-advised. To give retrospective effect would also enable creditors who have appropriated an open payment in principal with a view to saving limitation, but have not communicated the fact of such appropriation to the debtor, now to reappropriate that payment to interest. This would be patently unfair to the debtor, who will have to pay the principal and the interest thereon.

Whereas it is expedient to provide for the levy of a cess for the maintenance of certain irrigation and drainage works serving ryotwari tracts in the Province of Madras, where the registered holders of not less than two-thirds of the lands served by such works so desire;

AND WHEREAS the Governor of Madras has, by a Proclamation under section 93 of the Government of India Act, 1935, assumed to himself all powers vested by or under the said Act in the Provincial Legislature;

NOW, THEREFORE, in exercise of the powers so assumed to himself, the Governor is pleased to enact as follows:—

(c) the determination and the administration of any cess levied under this Act.

(3) All rules made under this section shall be published in the *Fort St. George Gazette*, and upon such publication, shall have effect as if enacted in this Act.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to authorize the substitution of a voluntary cess for kudimaramath, that is to say, for repairs to irrigation and drainage works which, by local custom, have to be performed by the joint labour of the village community or at their expense. Among the items of kudimaramath which have to be done by ryots in most districts are the following :—

(1) The filling up of gullies or other inequalities caused by rain or the passage of cattle, etc., upon the bunds of tanks and channels.

(2) The prevention and control of the growth on bunds of prickly-pear or other similar rank and pernicious weed.

(3) The clearing of such underwood from the bunds of tanks as may be considered by the Executive Engineer to be injurious.

(4) The removal from tank sluices and from river and spring channels of deposits so as to afford a sufficient opening for the supply of water to flow to the fields

(5) The clearing and repair of the earthwork of petty and branch channels, and the removal of the accumulations in all channels issuing from tanks which obstruct the flow of water to the fields.

(6) The maintenance in proper order of the supply channels of tanks.

(7) The guarding of the bunds of all tanks during rainy weather; the turfing of the portions acted on by the waves, and which appear leaky; the opening and closing of calingulas, and generally, the performance of minor duties of this nature in order to prevent breaches and other accidents.

(6) The construction of ring dams at breaches, and where necessary the temporary strengthening of the bunds of tanks during the season of cultivation; and in general, by that constant care and attention which residents on the spot can alone exercise, the preservation of the works in which they and the Government have a common interest, from those small injuries which, if unchecked, may lead to serious loss and expense.

2. The above items of work are however often neglected, owing mainly to want of co-operation among the ryots, the existence of faction in villages and the absenteeism of landowners. The result is that the maintenance of the works suffers to the disadvantage both of the ryots and of the Government.

3. Section 6 of the Madras Compulsory Labour Act, 1858 (I of 1858), provides that whenever by local custom any kudimaramath is usually executed by the joint labour of the village community, any person bound by such custom to contribute labour to the work, who neglects or refuses without reasonable cause to comply with a requisition for such customary aid made to him by the head of the village under the orders of the Tahsildar shall be liable to pay a sum equal to twice the value of the labour which he is bound to contribute. The procedure prescribed by the Act is however somewhat cumbrous and militates against any effective use of the provision.

4. The question has been examined from time to time and the solution which has generally commended itself to official as well as to non-official opinion is the replacement of kudimaramath, where the majority of the ryots agree, by a cess levied for the same purpose. Such a cess is in fact being levied now in the districts of Trichinopoly, Salem, Chingleput and Madura. A proposal for the introduction of the cess in respect of certain channels in the South Arcot district was also recently approved by the Government.

The cess is however purely voluntary in character and cannot therefore be recovered from unwilling landowners. The object of this Bill is to place the levy of the cess on a statutory basis and also to provide for the extension of such levy to any irrigation or drainage work serving a ryotwari tract in this Province.

5. The Bill accordingly provides for the levy of an annual cess from the registered holders of all the lands served by an irrigation or drainage work, whenever the registered holders of not less than two-thirds of such lands so desire. The

proceeds of the cess will be utilized for the maintenance of the irrigation or drainage work in respect of which it is levied, and the ryots will then be relieved of the duty now resting on them under section 6 of the Madras Compulsory Labour Act, of contributing customary labour to kudimaramath. The cess will be cancelled or reduced if at any time the registered holders of not less than two thirds of the lands served by the work desire such cancellation or reduction. The cess will be payable on demand and on non-payment will be recovered as an arrear of land revenue. The provisions of the Madras Compulsory Labour Act, 1858, other than section 6, will continue to govern the rights and obligations of the registered holders of lands served by the work. The Government have taken power to make rules to carry out the purposes of the legislation.

Secretary to Government, Legal Department.
